WALK on your very own REAL Australian Hardwood floor today.

In the hectic world we all live in, its nice to be able to take the time and WALK on a beautiful Engineered Hardwood floor.

With its unique glueless locking system HM WALK is fast and easy to install in your home.

HM WALK is an engineered hardwood floor, which means that the surface you WALK on and see is made of strong Australian hardwood, while underneath the surface HM WALK uses an extremely stable 9 ply construction made of plantation Eucalypt. This type of construction ensures the maximum use of our precious hardwood, which in turn is better for the environment.

State of the art production techniques

HM WALK incorporates the latest techniques in engineered flooring construction – from its incredibly hard wearing 13 coat system, it’s conservative use of the Australian Hardwood resource, through to the plantation Eucalypt plywood core. HM WALK has been engineered to be aesthetically beautiful, respectful to the environment, while providing a tough, dependable Australian hardwood engineered flooring.

Environment

Using only a veneer of true certified Australian Hardwood on the surface of HM WALK ensures that the product maximises the precious resource. The core material used in HM WALK is manufactured using plantation Eucalypt hardwood.

13 Coat System

HM WALK uses a state of the art European coating system, utilising 13 separate coats to ensure a tough, anti scratch surface is obtained. HM WALK has a very attractive semi-gloss appearance.

25 Year Warranty

HM WALK carries a 25 year warranty on the construction of the product in domestic applications. This ensures you have peace of mind that HM WALK is strong, stable and won’t fall apart.

Australian Hardwood

HM WALK uses an Australian Hardwood surface that is source from PEFC certified forests.

HM WALK is available in the following popular species

- Blackbutt
- Spotted Gum
